

VTH1200DS

Analog Indoor Monitor

Features

- 4.3" TFT LCD screen
- Color video & audio intercom
- Alarm integration
- Surface mounted

Technical Specification

Model	VTH1200DS
-------	-----------

System

Main Processor	NEC MCU
----------------	---------

Operation System	Simple OSD message
------------------	--------------------

Video

Video Onput	1ch CVBS analog video
-------------	-----------------------

Audio

Audio Compression	G.711
-------------------	-------

Audio Input	All-direction Microphone
-------------	--------------------------

Audio Output	Built-in Loudspeaker
--------------	----------------------

Bidirectional Talk	Support Dual-way Bidirectional talk
--------------------	-------------------------------------

Display

LCD Screen	4.3" 480x272
------------	--------------

Operation Mode

Input	Mechanical buttons
-------	--------------------

Interface

Alarm In	4
----------	---

Alarm Out	1
-----------	---

RS485	-
-------	---

General

Insatllation	Surface
--------------	---------

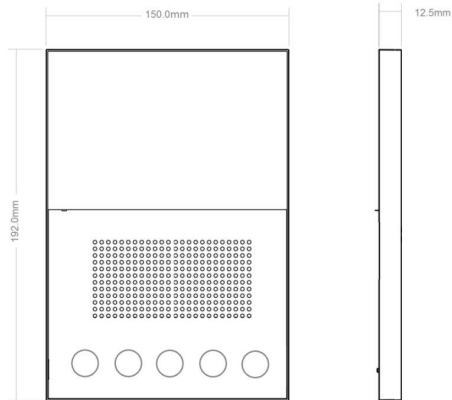

Power	DC24V
-------	-------

Power Consumption	Standby ≤1.5W, Work ≤4W
-------------------	-------------------------

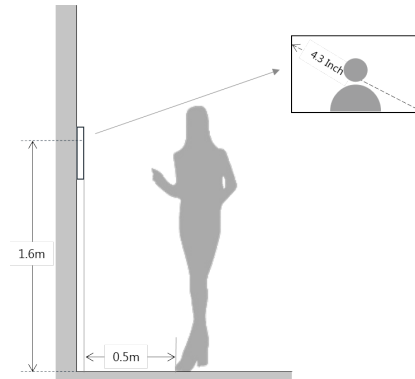

Working Temperature	-10°C~+55°C
---------------------	-------------

Relative Humidity	10%~90%RH
Dimensions	192.0mm×150.0mm×12.5mm
Weight	0.4Kg
